As a highly motivated and skilled Front-End Developer with one year of experience, I have expertise in developing interactive and user-friendly web applications using JavaScript and React. I am eager to leverage my expertise in front-end development and my passion for continuous learning to make a meaningful contribution to a high-performing development team

**TECHNICAL SKILLS:**

- Proficient in JavaScript, React, Next.js and other modern front-end frameworks.
- Strong understanding of responsive and adaptive design principles.
- Experience in optimizing web applications for speed and scalability.
- Excellent teamwork and collaboration abilities within cross-functional teams.
- Passionate about continuous learning and staying updated with evolving technologies.
- Front-End Development: Bootstrap, Tailwind, jQuery.
- Back-End Development: Node.js, API integration, Express.js.
- Tools and Technologies: Visual Studio Code, Git, GitHub, Netlify, Postman, Figma, Canvas.
- Testing and Deployment: Unit testing, web-based applications, deployment.
- Methodologies: Agile methodologies, user experience (UX), design thinking.
- Business: communication, goal setting, leadership, critical thinking and problem solving, financial management, negotiation, project management, marketing, strategic planning, creativity and innovation.

**PROFESSIONAL EXPERIENCE:**

**FRONT-END WEB DEVELOPER INTERN – DizzitUp – Cambridge (Remote), 10/2023 - 01/2024**

- Collaborated with cross-functional teams to develop and implement responsive web applications using JavaScript and React.
- Utilized HTML, Tailwind-CSS, and modern front-end UI frameworks to create intuitive user interfaces and mobile-based features.
- Worked closely with backend and UI/UX teams to ensure seamless integration and high-quality user experiences.
- Stayed updated with the latest industry trends, tools, and technologies to enhance development standards and practices.
- Integration of Reloadly (Airtime API, Gift Card API, and Utility Payments API) into Web applications.
- Facilitating global gifting and payments through text messages and email.
- Collaborating on the DizzitUp website design using Figma and Tailwind-CSS for a user-friendly interface.
- 

**FRONT-END WEB DEVELOPER, APANVI – Cambridge (Remote), 05/2022 – Present - part time**

- Develop a website for APANVI, a non-profit organization based in southern Brazil, as a volunteer.
- Played a key role in developing and maintaining interactive web applications, employing JavaScript, HTML, CSS, Next.js, JavaScript, Tailwind and agile methodologies to achieve user-

friendly designs to create an engaging website aimed at increasing awareness, adoptions, and donations.

- Collaborated with multidisciplinary teams to optimize web applications for both responsiveness and adaptability across various devices.
- Contributed innovative ideas to improve user interface design and overall application performance.
- Problem-solving skills, teamwork, and version control using Git and GitHub.
- **Skills:** React.js · Next.js · JavaScript · Tailwind CSS · Problem Solving · Agile Methodologies · Teamwork · Git · GitHub · Trello

#### **FRONT-END WEB DEVELOPER**, edX – Wells, Somerset (Remote), 11/2022 - 03/2023

- Successfully completed a 16-week bootcamp focused on front-end web development, honing skills in HTML, CSS, JavaScript, Node.js, API integration, and React.js.
- Gained hands-on experience working on real-world projects, implementing best practices such as test-driven development, pair programming, and agile methodologies.
- Developed two projects: emphasizing user experience, front-end development, and API integration:
  1. **ODYSSEY** [Odyssey: Travel Companion](#) | [See on GitHub](#)
  2. **WEEKEND FUNTIMES** – [Weekend-funtimes](#) | [See on GitHub](#)
- **Skills:** React.js · Node.js · JavaScript · Problem Solving · Agile Methodologies · Teamwork · Git · GitHub · Trello

#### **PERSONAL PROJECTS:**

##### **ADRI CAMAROTTO – PORTFOLIO** 03/2023 - 04/2023 – [Portfolio](#) | [See on GitHub](#)

- Developed a personal portfolio website using React.js to showcase skills, projects, and achievements.
- Implemented custom forms and integrated a third-party API, FormSubmit, to facilitate user communication.
- **SKILLS:** HTML · CSS · JavaScript · API · React.js · Node.js · Jest · Bootstrap · Git · GitHub

#### **VOLUNTEER EXPERIENCE:**

##### **TECHNOVATION CHALLENGE MENTOR**, Technovation Challenge, 2016 – 2020

- Mentored girls in developing mobile apps that address social problems, focusing on sustainable business models and business plans.
- Led the GirlsUp team to become South American champions in the Technovation Challenge Junior division in 2018.
