### **PROJECTS**

#### **ADRI CAMAROTTO - PORTFOLIO – [Adriana Camarotto - Portfolio](#) | [See on GitHub](#)**

- **Summary:** this is my personal portfolio that showcases my skills, projects, and achievements to potential employers. It allows them to know my creativity, problem-solving abilities, and technical proficiency.
- **Role:** Front End Web Developer and Designer
- **Tolls:** HTML, CSS, JavaScript, API, Bootstrap, FontAwesome, React.

#### **ODYSSEY [Odyssey: Travel Companion](#) | [See on GitHub](#)**

**Summary:** The app provides current details on attractions, events, and more for tourists to make informed choices. Users can access detailed descriptions and photos via search.

- **Role:** Front End Web Developer
- **Tolls:** HTML, CSS, JavaScript, API, Bootstrap, FontAwesome, React.

## WEEKEND FUNTIMES – [Weekend-funtimes](#) | [See on GitHub](#)

- **Summary:** The Weekend Funtimes app helps users to plan events based on weather forecast: camping for good weather or movie binge for bad weather. Uses weather and movie APIs to select camping spots and filter movie options based on ratings.
- **Role:** Front End Web Developer
- **Tolls:** HTML, CSS, JavaScript, API, Bootstrap, FontAwesome.

## EDUCATION

11/2022 – 03/2023– England – Trilogy Education Services/edX / Skills for live – Gov.UK

### FRONT END WEB DEVELOPER BOOTCAMP

2011 /2013 – UNOESC – Brazil

### DIPLOMA IN TECHNOLOGIST IN ENTREPRENEURSHIP (degree)

## LANGUAGES SKILLS

- Portuguese – Native
- English – Fluent.

## PROFESSIONAL EXPERIENCE

03/2022 – present – Tesco Pharmacy - Wells, UK

**MEDICINE COUNTER ASSISTANT** As a medicine counter assistant (starter) in a Pharmacy I am someone who is a team player learning technical skills with a strong customer focus to accurately dispense medication for our customers according to the Standard Operating Procedures.

11/2020 – 03/2022 – Tesco – Ltd – Shepton Mallet, UK

As **COSTUMER ASSISTANT** I used to work in the ready meal department, where the best before dates were extremely important. As a result, I paid close attention to the dates and product rotation to ensure the best experience for customers. I followed all department routines in accordance with company policies and adhered to health and safety guidelines to ensure that customers had a great shopping experience.

## VOLUNTEER EXPERIENCE

2016 – 2020 – **TECHNOVATION CHALLENGE** - <https://technovationchallenge.org/>

**MENTOR** - As a mentor volunteer to the Technovation Challenge, I encouraged girls to learn how to code to develop mobile apps that solve social problems in their communities and around the world. I mentored them sustainable business models and business plans for their projects. In 2018 the GirlsUp team, mentored by me, was a South American champion in the Technovation Challenge Junior category, with Life4down App, and in 2019 this same team was a senior semi-finalist in the Technovation Challenge.
